Hello Linda,

Our meeting this week got supplanted by the need to talk to about the FIFRA mitigation for treated seed but I am hoping to discuss this next week and begin developing a schedule for the anprm that we can include in the EAMS form. I think the next step is developing the schedule since that was one of the larger blanks that is present on the form at the moment.

Best,  
Quinn

Hi Quinn and Sue

For some reason I don't remember see or discussing this. We should talk next week. Did you show to Amber? I have never done an ANPRM so not sure of the step.

Hello All,

Attached is the EAMS form for the ANPRM for treated seeds. Sue and I worked on this form today and I am hoping to discuss this on Tuesday during our treated seed meeting.
